

Haworth Values

Our Vision

At Haworth, we create beautiful, effective, and adaptable workspaces.

Our Values

- We value our customers.
- We value members.
- We value integrity.
- We value continuous learning.
- We value results.
- We value our world.

HAWORTH®

We value our customers.

We believe each customer is special. We listen closely to their needs and, with our dealers, collaborate to create great spaces. With passion, we combine our energy, knowledge, and talents daily to manufacture goods and services that exceed our customers' expectations.

We value members.

We believe in the boundless potential of people empowered, engaged, and focused on a common vision. Haworth is composed of people from all parts of the world, giving us a rich breadth of experience, cultural backgrounds, depth of talent, and human potential. We build on the diversity of our members and dedicate ourselves to creating work environments that encourage and appreciate the contributions of each person. We value and celebrate our differences, yet we are united by our desire to be the best.

We value integrity.

We believe that honesty and candor are the foundation for integrity and trust. We build mutually beneficial relationships with our customers, architects, designers, dealers, members, and suppliers.

We value continuous learning.

We believe that knowledge empowers, and learning leads to change and growth of individuals and organizations. In our drive for continuous improvement, we encourage our members to take risks, look for smarter ways to work, seek new ideas, reduce waste, and use resources wisely.

We value results.

We design, market, manufacture, and deliver products and services to meet the most stringent design and quality standards—those of our customers. We admire competence, seek best practices, and drive for swift execution. In a complex business, we drive for simplicity and clarity of purpose, valuing a job done right. We enjoy working together and take pride in our work and our company.

We value our world.

We think beyond our business to our communities. We cultivate hope for our future by investing in people, education, and a sustainable world. In our small way, we will help make the world a better place for people to work and live.
